PARNELL DRIVER'S TRUCK KILLS MAN

JAY MINARD IS CHARGED WITH MANSLAUGHTER.

WIDOW SUES FOR $10,000

St. Joseph Fireman Is Run Down as Truck Emerges From Behind Street Car.

Jay Minard, Parnell farmer, is charged with manslaughter in the Buchanan County Circuit Court for the killing of Raiph Franklin Weeks, who was struck by a truck driven by Minard in St. Joseph yesterday morning.

Mrs. Clara Weeks, widow of the victim of the accident, has also filed a suit for $10,000 damages against Minard. Her attorneys are Culver, Phillip and Voorhees of St. Joseph.

The accident occurred at the intersection of Jefferson Street and St. Joseph Avenue, Weeks had been on an errand to a drugstore just across the street from his home, on the east side, and was returning to the house when he was run down by the truck.

He had started to cross the street. A southbound street car was nearing, and Weeks hurried across the tracks in front of it. The motor truck driven by Minard, hidden by the street ca rand passing on the left side of the trolley, knocked Weeks down and the wheels passed over his body. The injured man was picked up and carried to his home, but he was beyond human aid. His skull was fractured and he was internally injured.

Dr. Walter Hansen, acting coroner, made an investigation of the accident and after viewing the body sent it to the Fleeman-McNeill's. A coroner's jury viewed the body this afternoon, preliminary to an inquest.

Prosecuting Attorney Brubaker said a charge of manslaughter would be lodged against Minart.

Weeks was 30 years old. He was employed as a stationary fireman by the Burlington Railroad. A brother, Roy Weeks, lives in Nodaway County.

Mrs. Minard, accompanied by Bruce Duboise, is in St. Joseph arranging to secure her husband's release on bond.

Information was received in Parnell this afternoon that Minard was released from jail at noon today on bond of $5,000. It is not known who signed his bond, but presumably his father who went to St. Joseph on the early morning train. Minard and his father are expected home this afternoon. The younger Minard had left Parnell yesterday afternoon with a truck load of poultry for the Farmers Exchange.

INCREASE IN AUTO LICENSE FEES PROPOSED IN SENATE

Governor Hyde Indicates He May Take Hand to Avert Deadlock on Road Legislation.

Jefferson City, Mo., July 12—Governor Hyde has indicated that he might take a hand in the road legislation now before the legislature, which now threatens to result in a deadlock between the house and the senate. As the law now stands it will be necessary to enact a constitutional amendment if road maintenance funds are to be taken out of the automobile license fund. Senators Ralph and Proctor have agreed to introduce a bill to increase motor car license fees to obtain a maintenance fund. The proposed new license rates are:

Pleasure Vehicles.

Less than 12 horspower, $4; 12 to 24 horsepower,$8; 34 to 36 horsepower, $12 36 to 48 horsepower, $16; 48 to 60 60 horsepower, $18; 60 to 72 horsepower $26; motorcycles, $4; motor tricycles. $5.

Commercial Vehicles

Less than 2 tons, $8; 2 to 5 tons, $12 5 to 6 tons, $18; 6 to 7 tons, $24.

Electric Theatre

PREDICTS DEATH PENALTY FOR MRS. CATHERINE KABER

Attorneys for Defense Plead for Life Sentence But State is Adamant.

Courthouse, Cleveland, July 12.—The attorneys for Mrs. Catherine Kaber early today offered to have the woman, accused of plotting to murder her husband, Daniel Kaber, to plead guilty to second degree murder with life imprisionment as the penalty. County prosecutor Stanton refused the offer.

At a conference in Judge Barnon's office, attorneys for the defense admitted that there was little chance for the accused woman to escape the death chair under the weight of the evidence against her.

HAWK FAMILY MUST LEAVE TOWN OR PAY HEAVY FINE

Disturbers of Peace, Convicted in Police Court Yesterday, Age To Make Home Elsewhere.

Family quarrels which terminate in a fight don't pay when they get into Mayor Robinson's police court, say Mr. and Mrs. Kiser Hawk, who were each fined $100, and costs after E. E. Tilton arrested them yesterday afternoon for disturbing the peace. Hawk and his wife were engaged in a family fight when Tilton was notified and went to their home on East Fifth Street and made the arrest.

They were unable to pay their fines and Mayor Robinson released them upon condition that they and their family leave town within forty-eight hours and agree not to return. Not only the mother and father give the authorities trouble but they have several children who disturb the peace of the community. A son, Len Hawk, who is less than 12 years old, was one of the three boys brought before Judge Dawson last Thursday and again yesterday for placing scrap iron and rocks on the Burlington Railroad tracks.

FORMER ELMO WOMAN DIES BENEATH HEELS OF HORSES

Mrs. Lee Perry is Brought From Nebraska for Burial—Funeral Yesterday Morning.

Funeral services for Mrs. Lee Perry who was killed last Friday when she was kicked and trampled by horses in the barn of her brother, Bert Bailey, at Gordon, Neb., was held yesterday morning at the Methodist church, South, at Elmo.

Mrs. Perry, who has been making her home with her brother at Gordon, Neb., went to the barn and entered the stalls behind the horses, when the animals became frightened and trampled her to death. Mrs. Perry's husband was killed by a runaway team just eleven years ago this month.

She was the daughter of E. M. Bailey, well known resident of Elmo, who died several years ago, and a cousin of Judge E. T. Bailey of Maryville. She was 48 years old and is survived by her brother, Bert Bailey, and one sister, Mrs. Lola Banner. Burial was in the I. O. O. Cemetery at Elmo.

S.P.C.R.A. DIRECTORS IN SEMI-ANNUAL MEETING

Governing Board Will Consider Expulsion of Breeder Charged With Refusing Pedigrees.

The regular semi-annual meeting of the Board of Directors of the Standard Poland-China Record Association will be held at 10 o'clock tomorrow in the offices of the association here.

The most important action to be taken by the board tomorrow will be to consider the recommendation of the executive committee that I. C. Higginbotham of Gregory, S. Dak., be dropped from the association. Higginbotham sold hogs and then refused to furnish the pedigrees for them, it is charged. He also had some recording done and failed to pay the recording fees.

The Board of Directors will also take up their regular routine business of checking up and approving of reports. The members of the board are W. O. Garrett, Maryville; S. McKelvie, Fairfield, Nebr.; H. C. McKelvie, Lincoln, Nebr.; N. I. Staples, Burlington Junction; James Kennish, Mound City; T. J. Dawe, Hiawatha, Kan.; L. R. McClarnon, Braddyville, Iowa; O. E. Wade, Rising City, Nebr., and J. M. Andrews, Lawson, Mo.

Sinn Fein Delegates Arrive.

Holhead, Wales, July 12. — Large crowds greeted the Sinn Fein peace delegation when it arrived here early this afternoon en route to London. There wa snot any demonstration.

TO PROVIDE FREE CAMPING GROUND

AUTO TOURISTS MAY STOP IN FRANKLIN SCHOOL YARD.

TO EQUIP IT AT ONCE

Tables and Benches, Stoves, Water and Lights Will be Installed at Cost of $500.

When tourists begin coming through Maryville on the new Itasca Park Highway, they will find one of the best equipped tourists' free camping grounds in this section of the country, according to plans discussed at the weekly luncheon of the Chamber of Commerce last night.

A committee composed of Bert Raines, Fred Diss and Earl Barmann is soliciting funds for the tourists' camp today and will have charge of the installing of the necessary equipment. Work will be started immediately, to accomodate as many tourists this summer as possible.

The camp will be located on the Franklin school-grounds, three blocks from the Courthouse. The board of Education has given its consent for the use of the grounds for the purpose.

The equipment will include two small frame buildings, each to contain running water, a shower bath and lavatory. The floor will be of cement and will be well drained. There will also be several small brick furnaces with heavy boiler plate tops. These will be distributed about the grounds so that parties of tourists may cook their meals separately. Tables and benches will be provided, and a place to burn papers and dispose of garbage. The Maryville Electric Light and Power Co., will furnish light free and the city will furnish water.

Sentiment at the luncheon was unanimously in favor of establishing a camp.

"We certainly should have it. I am heartily in favor of it", said George F. Wilfley.

"I have taken several of these trips, and have found mighty few places where one can camp", volunteered Bert Raines. "Such a camp would be good advertising for us. People will not only come this way but will plan to come back this way."

"Many people come by looking for a place to camp", said Fred Diss of the Maryville Motor Co. "I am heartily in favor of it, and will donate work and money. If we can get this trail through here and have this camping ground, we cannot estimate in dollars what it will mean to Maryville."

The Rev. R. E. Snodgrass said western states have provided well for their tourists, but that there are few camps in Kansas, Nebraska and Missouri.

"We should get something really worth while and not let any other community excel us," he concluded.

Secretary George Pickens estimated the cost of the equipment at $400. President Hosmer boosted the figure to $500 to cover items which may have been omitted from the secretary's estimates, and the club voted unanimously to provide the camping ground at once.

Signs reading "Tourists' free camping ground in Maryville," will be placed on all the roads leading into the county, and other smaller signs will be used to direct the strangers to the camp after they have reached Maryville.

The Chamber of Commerce had as its guests last night its youngest member, Robert Gallagher, 5-year-old hog breeder, W. M. Rankin of Tarkio, and D. T. Wyatt, Judge E. L. Schooler and G. B. Donovan of Rock Port. The visiting men gave short talks.

At the directors' meeting which followed the luncheon, it was decided to continue the weekly gatherings in spite of hot weather. There was a good attendance last night, and the officers are confident that the informal, coatless affairs will continue popular.

Tom Clark, manager of the Electric theatre was given permission to solicit advertising for his weekly program. A gentlemen's agreement has been in force among the members of the chamber pledging them not to advertise in mediums not approved by the Chamber of Commerce.

French-American Unions Fail

Not more than ten per cent of the Franco-American marriages contracted during the war have been successful.

MRS. CHARLES CORNELL DIES FROM POISONING

Funeral Will Be Held at Methodist Church at Burlington Junction Tommorow.

Mrs. Charles Cornell died last night at 4 o'clock at her home in Burlington Junction. She had been ill for some time with poisoning, the nature of which was not made known.

Mrs. Cornell is survived by her husband, mother and father. The funeral will be held Wednesday at 3 o'clock at the Methodist Church of Burlington Junction.

The Cornells came to Burlington Junction several months ago from Bedford, Iowa.

BAND CONCERT ON COLLEGE CAMPUS

Y. W. C. A. LAWN FETE IS THURSDAY NIGHT.

COURTNEY SISTERS ASSIST

Program Will Be Given in Midst of Concert—Japanese Motif to be Carried Out.

The regular weekly concert of the Maryville Concert Band will be held on the Campus of the State Teachers' College Thursday night, instead of in the Courthouse yard. The occasion is the Japanese lawn fete given by the Young Women's Christian Association of the College.

Japanese maidens in oriental costume will serve ice cream, candy, pop and ice cream cones during the concert, and a program of songs and dances will be given. The framework for several booths has been finished and they will be decorated with flowers and leaves Thursday afternoon.

The band concert will begin at 7:30 o'clock directly in front of the College. After the first five numbers, the program of vocal solos and dances will be given, and the band will complete its concert. The program is as follows:

Egyptian Dance, Ellen Elizabeth Courtney.

Doll Song, the Courtney sisters.

Vocal solo, selected, Mrs. F. P. Robinson.

Japanese dance, Olive Ewing.

Highland Fling, the Courtney sisters.

Vocal solo, selected, William Neilson.

The program for the band concert is as follows:

March—"Sempre Fideles" (Sousa).

Overture—"Golden Sceptre" (Schlepegrell).

"Moonlight"—Fox Trot.

"Beauties," "Charms" — Waltzes (Tobani).

"Broadway Rose" and "Dolly I love You," (Spencer).

"Whisperings of Love" (Morceau Characteristic." (Tobani).

"Ain't We Got Fun" (Whiting).

Descriptive, "A Summer Evening in Hawaii," (Wheeler).

"Bright Eyes" (Motzan).

March—"The Thunderer," (Sousa).

Miss Mary Condon is the chairman of the committee which will have charge of the ice cream booth. Other chairmen are as follows:

Fish pond—Miss Elizabeth Leet.

Ice cream cones and pop—Miss Allen Willis.

Candy and peanuts—Miss Helen Dean.

Fortune telling—Miss Olive DeLuce and Miss Mattie Dykes.

A silver offering will be taken after the program to defray the expenses of delegates to the national conference at Estes Park, Colo.

Mr. and Mrs. John Boyer of Burlington Junction were visitors in Maryville today.

JAPANESE LAWN FETE

Thursday evening, July 14

7:30.

State Teachers College Campus Given by the Y. W. C. A. of the college. The regular weekly band concert will be held on the college campus in addition to the program that has been planned. Student booths will serve ice cream, candy, etc. The general public is invited to attend. A silver offering will be taken.

DR. THOMAS MAKES FINAL STATEMENT

INTIMATES FURTHER ACTION WILL BE TAKEN.

THANKFUL FOR SUPPORT

St. Joseph Sells Ice for 40c and 60c a Hundred—Cites Other Figures.

Dr. D. J. Thomas, representing the ice consumers of the city, today insists again that ice can be supplied for less than $1 per hundred pounds, in a statement which closes the 'public airing.'' This third and final statement is as follows:

"At last Mr. Everhart has become somewhat less obscure and as he has given us something tangible to work on, it becomes increasingly easier to prove our contentions as contained in my two recent article.

"In yesterday's Democrat-Forum, Mr. Everhart is quoted as saying that he is losing from $25.00 to $50.00 on every car of ice which he ships in. Suppose we try to believe, for a moment, that his ice is costing im $10 per ton. According to his own figures, he is retailing it at fifteen and twenty dollars per ton, depending on the transactions being of a wholesale or a retail nature. Now, if he is selling ice for from fifty to one hundred per cent more than it cost him, how on earth can he convince anybody that he is losing any money in the business?

"When I brought Mr. Everhart to task for raising the price of ice, he assured me that he absolutely would not sell anything, whatsoever, without profit. And now he reverses himself, flounders around, and tries to gain public approbation and sympathy by pretending that he is losing a little money,——and all for the sake of keeping the public cool and comfortable. He does this almost under protest and does it for the mere trifle of $1.00 per hundred pounds.

"Ice is retailng today in St. Joseph for 40 cents and 60 cents per hundred pounds. The 60 cent rate is the residential delivery rate, and the 40 cent rate is effective to all who are willing to go to the plant after it. In Omaha, the same system prevails except that the rates are 35 cents and 70 cents. Now if Mr. Everhart is paying $9.00 for ice, shipped in, we shall have to charge him with being a very poor buyer.

"In conversation with Mr. Everhart last Friday, I asked this question: 'Is it not true, Mr. Everhart, that you are supplying ice to people at a distance of twenty miles or more?' His answer was, 'No.' In yesterday's Democrat-Forum, however, He says that he supplies only small communities like 'Wilcox and Sunnybrook.' He neglected to say that he supplies Maitland and several other places.

"It looks as if my contentions were right when I charged that Mr. Everhart was instrumenental in creating what he termed an excessive demand. Did he not want to create a situation whereby he could sell his own inferior product for a long price?

"The people could tolerate paying a longer price for the good shipped in ice, but when he wanted to put his own product on the same level with that good shipped-in ice, well,——It seems just so funny that we simply can't discuss it.

"Mr. Everhart extends a cordial invitation to the public to inspect his books. In the first place, the public was never known to be seen poking its nose into a business man's books but, if it chose to do so, what is to hinder finding evidence of contamination in books as well as in other things?

"Mr. Everhart will find enough drastic material in my three articles, which if taken in the right way, will purge him forever of the very things which have clung to him throughout his twenty-seven years of going it alone.' He may rebel against taking it, but, if he can stand the dose, it will eventually make him very popular with the people.

"I desire, with all my heart, to thank the public for their kind indulgence and for the words of encouragement given to me for the small part which I have taken in this controversy, and, unless Mr. Everhart furnishes me with some unusual material to write about, the thing is at an end so far as a public airing is concerned.

"I trust that the eventful outcome will show a betterment of conditions so far as ice buying is concerned.

"In the meantime, I shall in a quiet manner, endeavor to fulfill every promise I have made to secure the things I have enumerated in my articles.

"DR. D. J. THOMAS."

FRANCE SHOWS WILLINGNESS TO DISCUSS DISARMAMENT

Premier's Acceptance of Harding's Invitation to Conference is Greted With Cheers.

Paris, July 12.—Premier Briand, in behalf of France today accepted President Harding's invitation to the International conference to discuss disarmament. The announcement of France's acceptance was contained in a speech delivered by the Premier in the Chamber of Deputies. The sppech of the premier was received with terrific applause. The Chamber and Senate both will adjorun tonight for several months.

FREIGHT TRAIN DEMOLISHES CAR NEAR HOPKINS TODAY

Fred and Helen Wooldridge Jumped Before Freight Hits Their Automobile and escaped uninjured

Buster Wooldridge, the 16-year-old son of Mr. and Mrs. Fred Wooldridge of Hopkins, in company with his sister, Helen, and Landon Wallace, narrowly escaped a serious accident at noon today, when the car in which Wooldridge was driving was struck and practically demolished by a north bound freight train near the Hopkins depot.

The car for some reason or other stalled on the crossing just as the freight train was pulling in ahead of the noon passenger train. Wooldridge and his companions, sensing the danger, jumped from the car and escaped unhurt. The car was damaged practically beyond repair.

RESULTS OF SUNDAY BALL GAMES IN THE COUNTY.

?Several base ball games were played over the county Sunday, the feature game of the day being the game between Clearmont and Burlington, which was played at Burlington Junction. Clearmont nosed out the victory by the narrow margin of 1 to 0. The batteries were Henry Buhler and Carmichael for Clearmont and Hughes and Hagey for Burlington Junction. The feature of the game was the steady pitching of Buhler for Clearmont, who allowed only three hits during the games. Both teams played an unusually fast, snappy game of ball.

In the Graham-Wilcox game Wilcox carried off the long end of a 10 to 2 score. Layman pitched for Wilcox and Thompson for Graham. Bedford defeated Hopkins in the game played at Hopkins. The final score was 10 to 6. "Lefty" Clark pitched for Bedford. In the Stanberry-Ravenwood game Stanberry won by a 17 to 8 score.

FUNERAL SERVICES HELD FOR MRS. FRANK MAXON.

Mrs. Frank Maxon died last night at 7:30 o'clock at her home east of Pickering. She had been suffering from cancer and had been at the sanatorium in Savannah for some time.

Mrs. Maxon is survived by her husband, Frank Maxon. The funeral services were held this afternoon at the Christian church in Pickering and were conducted by the pastor, the Rev. W. A. Chapman.

TO LAKE GENEVA TO S. S. TRAINING CAMP.

Miss Ruth Bookman and Miss Eva Davis left Sunday for Lake Geneva, Wis., to attend the International Sunday School Training Camp for two weeks. After the training camp is over, Miss Bookman will remain to attend the Older Girls' Council and will be joined there by Miss Mabel Raines of this city.

Dr. Winship Speaks

Dr. A. E. Winship spoke before a general assembly of the students of the Teachers' College this afternoon at 2:40 o'clock.

Mr. and Mrs. J. S. Thompson entertained at 6 o'clock supper Monday. Plates were laid for Mr. and Mrs. J. D. Ford, Mr. and Mrs. A. T. King, Mrs. Fannie Hanna of Thomasville, Georgia, Mr. and Mrs. Hallie Ford, Merrill and John King, Irene Hanna, and Cleo and Forrest King.

MEN'S CLASS OFF FOR LAKE CRABILL

300 LEAVE IN 60 CARS FOR IOWA TOWN

NOT HALTED BY CLOUDS

Victors in Contest Leave With Full Equipment of Bathing Suits And Baseball Gloves.

Approximately three hundred persons left the First Christian Church here this afternoon in sixty cars to attend the picnic at Lake Crabill, Clarinda, at which the Men's Bible Class of the Clarinda Christian church will play host to their victors in the attendance contest closed recently.

Besides the sixty cars that left Maryville there were a number of cars from the northwest part of the county which will be joined by the party starting from here. A number of women accompanied the men.

Not so many cars left as had been expected when the plans were talked over last Sunday, because of the threatening weather, but despite the clouds and thunder, which came up just about noon, the group who left were very optimistic and every driver declared he was confident that it would not rain and spoil the outing.

The cars started from in front of the tent on Buchanan Street. As the cars lined up under the direction of Fred Newlon, Dick Strong and C. G. Cook, they were tagged with a number and fell in line. E. W. Gray, president of the class, drove car number one and took the Rev. Frank J. Mapel, Charles McCaffrey and Dick Strawbridge with him. E. H. Chick drove car number thirteen and said that he wasn't the least bit superstititious about that number bringing him bad luck. If anything, he thought it a lucky number.

Each car was filled to capacity and each person in the cars was given a card to remind them of their driver and to impress upon them that he should not be neglected after they reached Clarinda. The card read, "Remember—the driver of this car is a quite an expense for gas and oil on this trip—DON'T FORGET HIM."

When the picnickers reache Clarinda it is planned that they drive through the town in procession, if possible headed by the band, and finally go to lake, where they will be entertained by the Clarinda class.

The men from here took their bathing suits, baseball uniforms and all other equipment which go with arrangements for a rousing good time. A baseball game between the two classes will be the largest athletic attraction with minor attractions such as races, boating and a picnic supper.

Charles McCaffrey has prepared a speech for the program in which he will give a report of the plan of organization and how the class here got so many men interested in a Bible class. Other talks from the Maryville delegates will be on the program this evening. Clarinda has invited the pastors, superintendents and teachers of men's classes from four adjoining counties to talk on the program.

Maryville will report the campaign carried on here in the form of moving pictures which were taken during its progress. More movies will be taken of the festivities at Clarinda and the complete film will then be shown at religious gatherings all over the country.

Dry Officer Appointed.

Washington, July 12.—The appointment of Millard Meadows of Oklahoma City as state prohibition director of Oklahoma was announced by the internal revenue commissioner today.

LARGEST CIRCULATION IN NODAWAY COUNTY

"PAGEANT OF MISSOURI" A MAGNIFICENT SPECTACLE

5,000 Characters Will Appear in State's Greatest Historical Celebration at Sedalia.

Sedalia, Mo., July 12.—Down here in Sedalia, the Queen City of the Prairies, will be enacted in August the greatest historical celebration that Missouri has ever known. Missouri is celebrating her one-hundredth birthday and she's doing it in true Missourian style.

This prairie town is agog with excitement and preparation for the coming "Pageant of Missouri", which is to be presented for six nights here at the Centennial Exposition in August. The magnificent Pageant depicts in fifteen episodes the development of Missouri from a frontier wilderness to a mighty sovereign State. It present sthe significent episodes in the life of the State and portrays prominent places and persons who contributed to the upbuilding of Missouri.

Five thousand characters, including four regiments of Missouri National Guardsmen, appear in the Pageant. The lumber for the stage and properties, if placed end to end, would reach from Kansas City to St. Louis and back again. More than a ton of nails and screws will be required to put the stage and scenery together. Twenty seven tons of paint, shellac and glue will be needed to paint and construct the scenery. The canvas used would shelter a town of a thousand people. It would require ten passenger trains and a large freight train to transport the cast and scenery.

The women of Sedalia, well organized into committees, are busy from morning to night sewing costumes for the gigantic production. Several thousand costumes must be prepared within the next month. Each morning at 9 o'clock hundreds of women and children gather at the Coliseum on the Fair Grounds to rehearse their parts in the spectacle. The men rehearse in the afternoon, and everyone meets in the evenings for general rehearsals.

Meanwhile, thirty scenic artists from Chicago are painting the magnificent scenery for the Pageant and the hundreds of pieces of stage properties that will be used. Exact replices are being built of the "Zebulon M. Pike", the first steamboat that ever docked in St. Louis, of the first train run on Missouri soil and of buildings and places of historical significance in the early history of the state.

In addition to the Pageant, which will be the biggest single feature of the Centennial Exposition and State Fair, there will be the Homecoming of Missourians, a big reunion of the descendents of all former Missouri Governors, several gorgeous Parades of Progress, which show Missouri's development in the pas t hundred years, interesting historical exhibits and displays, and hundreds of feature attractions, including automobile and horse races, airplane exhibitions, a monster pyro-spectacle, "Arabian Nights", scores of vaudeville and hippodrome acts, wonderful live stock shows, and elaborate agricultural, horticultural, floricultural, and mineral exhibits.

Has Typhoid Fever.

James T. Patterson living northwest of Maryville is ill at the St. Francis hospital with an attack of typhoid fever.

Clayton Guest Leaves

Mrs. Ross C. Trode of Okmulgee, Okla., who has been visiting at the home of her sfster, Mrs. B. C. Clayton of Pickering, left today for Des Moines, Ia.

Auxiliary to V. F. W. Meets

The ladies auxiliary of the Seth Ray Davis Post of The Veterans of Foreign Wars will meet at the club rooms tonight.

Mrs. C. L. Groves of Barnard was in Maryville yesterday.

Thomas Kane of Bedison was in Maryville yesterday on business.

MORE WORK FOR SPECIAL SESSION

HYDE SUBMITS TWELVE MORE SUEJECTS FOR LEGISLATION.

FOR HARD ROAD SYSTEM

Message Comes Out Flatly Against County Distribution of $60,000,000 Fund.

Jefferson, City, Mo., July 12.—Governor Hyde in a special message to the legislature yesterday afternoon submitted 12 additional subjects for proposed legislation, making a total of 4 propositions placed before the special session which was to have been called to consider only measures to carry out the provisions of the $60,000,000 road bond issue.

Here are the additional propositions submitted to the general assembly:

Amendment to the state tax commission with authority to make recommendations on consolidation and abolition of certain offices and give the governor power to abolish the offices.

Child labor law.

Authorizing the state to acquire a cement plant.

Fixing the salaries of the board of permanent seat of government.

Drainage legislation.

Amendment to primary law to permit primary ballots to be produced in evidence.

Granting St. Louis the right of eminent domain to condemn for public use property outside of the city limits.

Transferring the power of appointing county health supervisisors from the county courts to the state board of health.

Permitting second and third class cities to levy a special tax for hospital purposes.

Machinery to put the marketing bureau into operation.

Creating a separate department for the state board of immigration.

Provision for a full four year course medical college at the state university and appropriation of $250,000 of a state hospital at the University.

In connection with the proposition of fixing salaries of the members of the board of permanent seat of government, the governor said he did not think that it should be in excess of the present $750 paid each member annually. There is a bill pending to fix the salary at $1,500 a year. The governor is chairman of the board.

Much of the governor's message was devoted to tax propositions, he again recommending that the income tax rate be decreased to one per cent and the corporation franchise tax from $1 to 50 cents. Both of these taxes were reduced at the regular session but were vetoed by the governor.

Governor Hyde declared definitely for a system of hard roads, asserting the subject was not one for the individual counties, but for the whole state and that the people had expressly declared in favor of hard roads.

"The road bond amendment specifies its own purpose", he said. "The matter is not open to debate. It does not matter what arguments were used in the campaign. Even our own views are beside the point. The mandate, given to this legislature at the polls, specifically authorizes the creation of a debt of $60,000,000 for the purpose of constructing hard surfaced public roads in each county in the state. No other purpose can be read into the amendment. No other purpose ought to actuate this assembly.

"It is evident from the amendment that a system of roads is desired by the people. No hodgepodge of disconnected and isolated roads would suffice. A division of the fund on any basis is impossible. The system is to serve the state; to make communication and traffic easy, and must by the terms of the amendment reach each county.

Directing Head Needed

"Such a system cannot be built in a year nor can a unified system be worked out for the state as a whole, except by some directing head, be that head a commission or otherwise. None of us can foresee or provide to the multitude of intricate details of business administration and of engineering which must necessarily arise.

"To accomplish the mandate of the people some perpetuating and central head must be entrusted with the details of construction and of administration.

"Let us designate the state system of roads to be improved and create a commission to improve them, leaving details to be met by that commission.

"There is only one measure of the purpose of the people and that is the language of the amendment voted upon by them.

"Let us set up a commission to carry out their announced purposed 'Of constructing hard surfaced roads in each county in the state.' We cannot do more. We must not do less."

TO LET CONTRACT TODAY FOR ROAD GRADING WORK

State Highway Department Will Choose From Three Lowest Bids on Pickering-Hopkins Road

The contract for grading and bridging on the section of road between Hopkins and Pickering, known as "The Narrows", will be let by the State Highway Department today. The county court received the bids yesterday afternoon and took the three lowest bids to Jefferson City where they will be acted upon today and the contract will be given to one of the three lowest bidders.

George W. Korrell, of Savannah had the lowest bid, which was $10,141.88; W. H. Skates of St. Joseph had the next lowest bid with $10,332.60; and the Randall Construction Company, Savannah, had the third lowest bid at $10,875.72.

George W. Korrell said he was ready to start work this week if he is given the contract and the details of the contract are fixed in time. He has just completed some work in Buchanan County and has his equipment ready to go on to this job at once. It will require about one hundred days of work to complete the grading of 19,000 cubic yards of earth work and the building of 130 yards of concrete work called for by the contract.

There were fourteen contractors who presented bids for this contract, and their bids ranged from $16,107.29 made by Spitsraf Brothers, to $10,141.88 made by Korrell of Savannah.

The other bids were; Liberty Construction Company, $11, 570.39, Spitsraf Brothers, $16,107.29; W. A. Greske, $12,115.27; Gaines Brothers, $12,490.17; George W. Korrell, $10,101.88; Buis and Alson, $11,614.13; L. I. Vial Construction Company, $11,815.15; W. A. Ckotes, $10,895.72; Harrison Engineering Company, $11,995.15; J. H. Hartman, $13,962.68; Mike Haas, $13,885.78; and G. E. Sampson, $11,215.66.

Austria Provides Playground

National, provincial and municipal authorities in Austria may requisition land not in use for public playground purposes. Such land is in charge of organizations interested in the promotion of outdoor recreation, the owner of the property receiving suitable compensation for its use.

C. G. McMillan of Pickering was a visitor in Maryville today.

W. L. Kidd of Bedison was a business visitor in the city yesterday.

"Iceless" Refrigeration

Yes, that is what we use to cool our meats. It insures us of a uniform cold temperature.

And the beauty of it is the fact that we don't have to worry our heads about either the supply or cost of ice.

And we don't have to bother about the cost or any increase in the price of ice.

Consequently, no increase in the price of our meats is necessary when the price of ice goes up.

It is just another advantage of buying your meats where

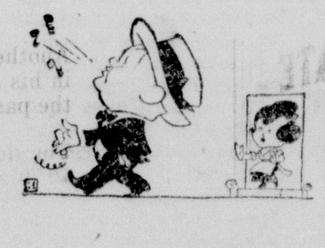
A bird like this makes a model husband



HER NICE new husband.
STEPPED OUT of the house
WHISTLING LIKE a bird.
WHICH ALARMED young wife.
ESPECIALLY WHEN.
SHE FOUND she'd picked
THE WRONG package.
AND INSTEAD of oatmeal.
HAD GIVEN him birdseed.
BUT DON'T think from this.
THAT EVERY guy.
YOU HEAR whistling.
HAS NECESSARILY.
BEEN ROBBING the canary.
OTHER THINGS inspire.
THE ALMOST human male.
TO BLOW through his lips.
AND MAKE shrill noises.
A RAISE, for example.
OR A day off when.
A DOUBLE header is on.
OR AN everyday thing.
LIKE A good drag.
ON ONE of those smokes.
THAT SATISFY.
WHICH CERTAINLY are.
THE REAL birdseed.
FOR MAKING men.
TRILL THEIR pipes for joy.
SO LADIES, if hubby.
GOES AWAY whistling.
YOU NEEDN'T worry.
ALL'S SWELL.

WHEN you say that Chesterfields "satisfy," you're whistling. You know—the instant you light one—that the tobaccos in it are of prime selection, both Turkish and Domestic. And the blend—well, you never tasted such smoothness and full-flavored body! No wonder the "satisfy-blend" is kept secret. *It can't be copied.*

Did you know about the Chesterfield package of 10?

They Satisfy **Chesterfield** CIGARETTES

G., Charles Pittsenbarger and sons, Curtis and Otis, Mr. and Mrs. Frank Adwell and children, Andrew, Charles, Earl, Ellinora, Roy, Woodroe and Donald.

Urge Support of Bonus.

Chicago, July 12.—Senators McCormick and McKinley of Illinois, were urged to disregard their party and stand against President Harding and his attitude toward the soldier bonus legislation, in a telegram sent to the senators today by Theodore Roosevelt post of the American Legion. The legionnaires urge the senators to work for immediate enactment of the Sweet bill for the relief of disabled soldiers.

LINCOLN BROTHERS DO SOME FAST THRESHING

On last Friday, the Lincoln Brothers, who are operating a twenty-inch separator with a Titan 10-25 tractor, near Pickering, threshed for John Bosch 290 bushels of wheat from nine and one-half acres of ground in three and one-half hours. They threshed 229 bushels of oats from five and one-half acres of ground in one hour and ten minutes. The yields averaged better than thirty bushels to the acre for wheat and almost forty-two bushels to the acre for oats. The time taken by the threshers was "going some" for an outfit of that size and capacity.

WOMAN MAY MAKE OWN DRESS FORMS OF PAPER

Columbia, Mo., July 12.—Hundreds of Missouri women are making paper dress forms with which they can fit their own dresses and hang their own skirts easily and correctly.

Many women have felt that they could not afford a dress form, but since these dress forms are made of tough gummed paper tape, they can be often the necessary board for making the frame and the shellac for finishing the form inside and out are already on hand. Any woman can learn to make these forms in a few hours. If your county has a home demonstration agent she will gladly teach a group of women in your community. If there is no home demonstration agent near you, the Agricultural Extension Service of the University of Missouri will send a women to your community and she will demonstrate free the making of these forms.

Greeks Advance Against Turks

Athens, July 12.—A dispatch today from Smyrna today stated that the Greeks have advanced fifteen miles in their offensive against the Turkist Nationalists. The offensive was launched Monday.

Chicago, July 12.—Big Tim Murphy, Chicago labor czar, Vinconzo Commano and fifteen alleged confederates today pleaded not guilty before federal judge, Landis on charges conspiracy involved in the $380,000 station mail robbery. Judge Landis set the trial for next September after the counsel for the defense said that it would take eight weeks to prepare their case.

W. P. Nicholas living near Burlington Junction has had an excellent oat crop this year, the yield being 47 bushels to the acre.

Miss Ella Roney of St. Joeeph came Sunday to visit her sister, Mrs. Ed Costello.

COLLEGE TENNIS PLAYERS PLAY TWO TOURNAMENTS

Boy's Singles and Medley Doubles Are Run Off at Same Time.

Two tennis tournaments are in full swing on the College courts today. Mens singles are being played off in fast order, with an entry list of sixteen.

The medley tournament in doubles for both men and women has also started. This was originally scheduled to be played in singles, but as there were twenty-two entries it was changed to doubles in order to run it off faster.

Eight preliminary matches were played off yesterday afternoon and this morning. Of these matches, only two were good exhibitions but, the others were either unevenly matched or very slow.

The fastest match was that in which Harley Bebout defeated William Mapel. The score was 6-4, 6-1 in sets. In the first set all of the games except one went to deuce several times. However, Bebout was the better on placement and won by wearing out his opponent.

The first game in the second set was won by Mapel after the score had gone to deuce nine times. Bebout then won six straight games and took the set and match.

Another match was between Charles Wells and C. T. Richards. The former won, the score being 6-1, 6-4. Wells took the first set 6-1, but the playing was far better than the score indicated. Both players had their cuts working and the ball took a wicked bounce on nearly every return. In the second set the playing was even closer with Richards especially showing first class form.

O. C. Williams won with ease from Frederick Kurtz in two straight sets, 6-4, 6-0. Clifford Hull won from Harvey Watson with ease. The score was 6-0, 6-0.

Ralph Eversole and Ira Young played the closest match of the preliminaries as far as the score goes, but there was no very good tennis displayed. The score was 7-5, 1-6, 6-4.

Earl Bland won from Paul Smith in two sets 6-1, 6-2. Bland did not have much opposition, but Smith was a game player and made an effort to reach all of the difficult returns that Bland placed in every corner of the court.

The second round will be played off this afternoon and tomorrow. The matches will be as follows:

Bland vs. Eversole.
Wells vs. Hull.
Bebout vs. Pickens.
Williams vs. Smith.

Bebout and Bland seem likely finalists. If they are, the match will be worth watching. Opinion differs as to who is the better and it will be a question of whether Bland's drives can overcome Bebout's uncanny placement. However, a dark horse may appear before the finals. Williams may win his way through the semi-finals by his goose egg cuts.

Only one match has been played in the medley tournament. Helen Miller and Charles Wells won from Willard Watkins and Frederick Kurtz in straight sets 6-3, 6-3.

The schedule for the other matches is as follows:

Godsey and Wave Hulet—bye.
Mapel and Ellen Mitchell—bye.
Young and Helen Dean vs. Gladys Bookmon and Gertrude Colter.
Williams and Elizabeth Leet vs. Bland and Watson.
Roach and McPherron—bye.
Bebout and Hester Craynor—bye.
Eversole and Smith—bye.

The five byes were given in to even up the matches in the second round.

J. H. Sayler and daughter, Mrs. Vera Pickett and son, Joe, and Mr. and Mrs. Clement B. Hahn and children, Clement, Jr. and George, returned yesterday from a three days trip to Liberty, Neb. where they visited with Mr. Sayler's sister, Mrs. David Michael.

MARKET LETTER.

Kansas City Stock Yards, July 12.—Hog prices made another advance yesterday which took the market into the high position since early this year and $2.25 to $2.50 above the low point in June. Today's advance was 25 to 40 cents, top $9.75, bulk $9.50 to $9.70. Demand was urgent. Cattle ruled strong to 40 cents higher. Yearlings and light weight steers sold up to $9.00 and $9.10, the highest prices in a number of weeks. Stockers and feeders were higher also. Sheep and lambs sold readily at steady prices.

Yesterday's Receipts.

Receipts yesterday were 10,000 cattle, 7,000 hogs and 7,000 sheep, compared with a holiday a week ago, and 18,265 cattle, 10,100 hogs, and 5,500 sheep a year ago.

Beef Cattle.

Receipts of cattle were below expectations, and the light supply furnished a protest against the recent low prices, and reflected a more optimistic view of cattlemen because of promised relief in the loan situation, arising from the bankers' 50 million dollar cattle loan fund. This fund will be available by July 18. The market today was strong to 40 cents higher. Prime yearlings and light weight steers sold at $8.50 to $9.00. Grass fat, short fed and plain killing grades were mostly 15 to 25 cents higher. Cows and heifers showed about the same advance as steers. Calves were 25 to 50 cents higher, and bulls strong.

Stockers and Feeders.

Demand for thin cattle was active at 25 cents higher prices. Inquiry for good feeders was large, while bargain hunters gathered in odd lots, and common kinds. The trade would have developed considerable volume had receipts been larger.

Hogs.

Hog prices rose 25 to 40 cents and the top was within a quarter of the $10 mark. Demand was urgent from both packers and shippers and all classes sold readily. Hogs weighing 260 lbs. sold up to $9.65, and both medium and light weights sold up to $9.75. Pigs were 50 cents higher, top $9.50. The market is in a firm position at the advance, as current receipts are hardly equal to most urgent requirements.

Sheep and Lambs.

Prices for sheep and lambs were quoted unchanged compared with last week's close. Trade showed a fair degree of activity. Native lambs sold up to $10, and wethers $4.25 to $4.50. No western lambs arrived.

Horses and Mules.

Light receipts of horses and mules sold slowly at steady prices.

SHE TOOK HER FRIEND'S ADVICE

Now is in the Best of Health Because she took Lydia E. Pinkham's Vegetable Compound

Detroit, Mich.—"I was not feeling well for several years and never was able to eat any breakfast and always complained of a headache or tired feeling which at times required me to stop my work and rest. I have never had a physician and never took any medicine for it until yours was recommended to me by a neighbor whom I used to visit frequently. I took four bottles of Lydia E. Pinkham's Vegetable Compound, and now I am in the best of health and enjoy doing my work every moment of the day. It surely put life and 'pep' into my system."—Mrs. L. M. DARRAS, 46 Howard St., Detroit, Michigan.

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite as often the woman who does her own work at home. When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

Radio Control of Ships May Revolutionize Naval Warfare

Washington, July 12.— The efficient performance of the battleship Iowa under radio control during recent aerial bombing tests may lead to revolutionary changes in naval development officers believe. Without a soul on board the Iowa was maneuvered from the battleship Ohio, five miles away, with the utmost precision, and there was not a hitch in the mechanism in more than two hours while the Iowa was being bombed.

It was a scientific triumph. The Iowa was a real "Flying Dutchman" that mythical crewless ghost of the seas, as she obeyed the will of Capt. F.L. Chadwick on the Ohio, almost hull down on the horizon. The invisible magic fingers of the radio reached out across the sea to whirl the Iowa's sterring wheel, operate the fuel oil and water supply valves and start and stop the ship.

So perfectly did the control function that the officer on the Ohio maneuvered the Iowa away from the attacking air forces at the moment the bombs were being released, varying the speed of the target vessel at will.

Army and navy officers who witnessed the test were much impressed by the possibilities of development of the radio control idea for use in future wars. It was said to be apparent that radio control might eliminate some loss of life in such enterprises as "block ship" operations, as when the British undertook at Zeebrugge and Ostend to bottle up German submarines. The "block ship" of the future, it was pointed out might sail serenely into an enemy harbor without a soul on board and be sunk to obstruct its channel by the electrical explosion of her magazines.

Already the navy is working out plans for shifting control at will from a surface vessel like the Ohio to aircraft, either heavier or lighter-than-air. The radio control device on the Ohio is so simple, officers say, that little difficulty is anticipated in adapting, if for use in an airplane or a dirigiblt. When this development is worked out the controlling aircraft will be able to work at an altitude of 10,000 feet and above, safe from any gunfire from below, and steer the controlled vessel anywhere on the sea within fuel radius.

A movement is afoot to install radio control on at least one more obsolete battleship and two old destroyers to serve as targets for aerial bombing practice and further experiments with radio control. Extension of experiments to the possibility of applying the radio control idea to aircraft also is under consideration and it is within probabilities that giant, crewless bombing planes loaded with high explosives could be launched against naval vessels, cities and forts with no costly sacrifices of trained officers and men.

The entire radio control idea, a post-war development, in its present application is in it infancy, naval officers believe, and they expect great improvements in the efficiency and scope of the control within the next few years.

Nun Is Called in Jury.

London, July 12.—A nun living in a community in London has been summoned to serve as a woman juror in the High Courts.

The incident is giving rise to great agitation in Catholic and legal circles, as it will mean her breaking her vows, and a bill is now being drafted by the Catholic Union in England to give immunity to nuns.

Chinese Girls Study in Paris

A group of Chinese girls, daughters of wealthy families in China, are now students at "finishing" schools in Paris.

Missouri Egg Prices.

The farm price of Missouri eggs in 1913 ran from 12 cents per dozen in summer to 29 cents in December, while the retail price of eggs in St. Louis to consumers ranged from 19 cents in April to 41 cents in December, which is a trifle more than one and one-third times the farm price.

Egg prices continued to climb during the next eight years, until in 1920 the farm prices of eggs ranged from 32 cents in July to 62 cents in December, and the retail price of eggs to St. Louis consumers ran from 45 cents in June to 84 cents per dozen in December.

These prices to the consumer in 1920 were approximately one and one-third times the price received by the producer, but the actual price paid by the consumer above that received by the producer was very much more than that in 1913.

The Missouri Farm Review bulletin for 1920 crops has lately published charts illustrating the movement in egg prices as well as for butter, pork chops, and round steak.

Bees in Church Towers

During his thirty years' pastorate at a Cincinnati church, a minister kept eight colonies of bees in the church tower. It is said they would range fifteen miles for honey.

Harry Simmons of Waterloo, Ia., is in Maryville visiting at the home of Mr. and Mrs. U. S. Wright and family.

Here's why CAMELS are *the quality cigarette*

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigaretty aftertaste,

It's Camels for you.
